## INTRODUCTION

This template provided this template to assist in preparation of a medical or scientific research poster. The dimensions are set to 36" high by 48" wide but prints can be scaled up or down in size to any dimension with a 3:4 aspect ratio. For example, if you order a 30" x 40" poster using this template, we will print the file at 83.3% of its original size. **The most critical factor is that your template and poster dimensions must be proportional:**

$$\frac{\text{template height}}{\text{template width}} = \frac{\text{desired print height}}{\text{desired print width}}$$

The size of box will increase as per your input.
